

Dear Alejandra,

We would like to extend our sincere compliments to you and your team for the successful organisation of the Funza (COL) - 14-16 March 2025 Eventing International Competition. Delivering such an event requires immense dedication, and we truly appreciate the hard work and commitment that went into making it a success.

Following the conclusion of your event, we would like to inform you that the FEI Officials present have submitted their reports through the Technical Delegate. We are pleased to confirm that all 14 [Key Event Requirements](#) were achieved, reflecting the high standards upheld by you and your team. Thank you for your efforts in ensuring a well-organised competition.

In addition to the feedback provided by the Technical Delegate (attached to this email), we would like to highlight the following suggestions for improvement to be considered for the next edition as well as some specific positive aspects highlighted by the Officials:

- This event was very well organised, reflecting the strong commitment and involvement of the Organising Committee. Notable efforts were made to ensure that the competitions met FEI standards. The overall coordination with the Officials was smooth and effective, contributing to a successful and well-run competition.
- The presence of a Foreign Judge added significant value, bringing an international perspective and also created an excellent opportunity for the exchange of knowledge and best practices.
- Dressage sand arena layout could be improved
- It is encouraged to continue developing well-constructed, and portable cross country fences

Please note that additional comments received from the Ground Jury, Chief Steward, or Rider Representative, which may not be included in the TD evaluation, have also been taken into account.

We kindly request your confirmation of receipt of this letter and would appreciate any feedback regarding your plans to address the above-mentioned areas for improvement.

On behalf of the FEI, we sincerely thank you for your dedication to the discipline of Eventing and wish you continued success in the development of your International Event.

Kindest regards,

Fred

FEI Eventing Director
